PROFILE

Electrical and Electronic Engineering student at Jamalpur Science & Technology University with an interest in engineering design, programming, and emerging technology. Eager to strengthen practical skills through academic projects, collaboration, and continuous learning.

EDUCATION

B.Sc. in Electrical and Electronic Engineering
Jamalpur Science & Technology University, Jamalpur

Session
2024–2025

Higher Secondary Certificate (HSC) — Science
Hashil School and College, Jamalpur

Passing year
2023

Secondary School Certificate (SSC) — Science
Jaheda Safir Mohila College, Jamalpur

Passing year
2021

ACADEMIC PROJECT

Step-Up Transformer — Academic learning project

Studying transformer operation through electromagnetic induction, the relationship between primary and secondary turns, and how turns ratio affects AC voltage. Focus areas include core electrical concepts and connecting theory with practical circuit learning.

EXTRACURRICULAR INVOLVEMENT

Member — Sobuj Shopno, JSTU | 2025

Participates as a member and develops collaboration and community-minded teamwork through shared activities. Specific responsibilities and achievements were not provided.

TECHNICAL SKILLS

Programming: C, C++ **Engineering & design:** AutoCAD, MATLAB
Web & AI tools: HTML, CSS, AI tools
Proficiency: Beginner

TRANSFERABLE SKILLS

Communication · Teamwork · Problem-solving · Learning new skills

INTERESTS

Technology and innovation · Reading books · Photography · Traveling

References and academic results can be provided if required. Details in this CV are based on information supplied for the portfolio.
